Lake Level | 619.83  
Lake Temp | 65 degrees

## Feature of the Month

**One of a Kind Dockominium!**  
**\$270,000**

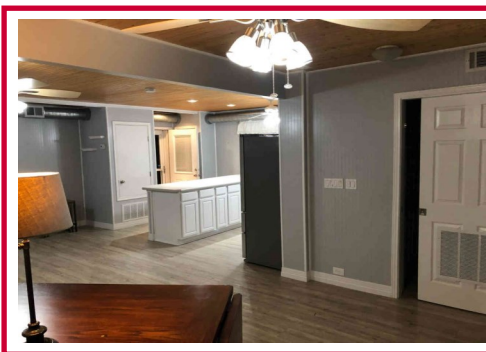

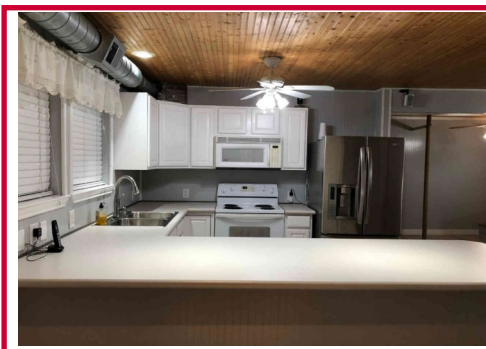

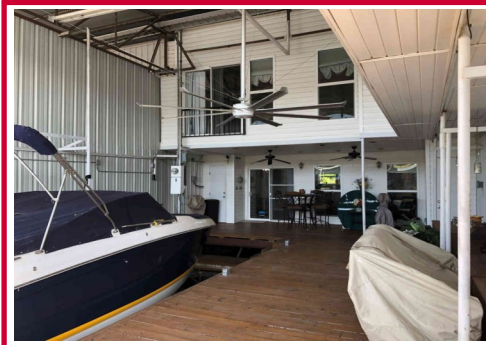

Downstairs includes open concept kitchen, living room, dining area and a full bath.

Upstairs has a spacious loft that could be used as a second bedroom or office, a closet and storage area, a large master bedroom, and another full bath.

This layout was well thought out providing plenty of space and storage. This is not the average docko. This unit is a house on water.

## New Summer Gas Dock Hours

Monday—Thursday 8:00 am to 5:00 pm

Friday—Saturday 8:00 am to 8:00 pm

Sunday 8:00 am to 6:00 pm

Please note: Once the gas dock closes for the night, NO more gas will be pumped. The on-call workers are here for emergencies only. Thank you.

## Important— Please read!

It is very important for Corps of Engineers compliance and for everyone's safety that no items of any kind be stored on the fingers of your slip. This includes any furniture, cabinetry, appliances, kayaks and other small watersports equipment. The fingers must be kept clear at all times. You may store certain items such as storage boxes or cabinetry on the back walks of your slip, however there must be a minimum of 4 feet clearance down the center of the walkway for safety. Fuel cans, paint and batteries must never be stored on your slip at any time. Thank you for your cooperation!

Happy Father's Day  
to all our EYC Dads!
